

# The Journal Club

Luglio 2021

A cura di Francesco Dellepiane

*Benvenuti al  
Journal Club AINR.  
Le più recenti  
novità in  
letteratura  
nell'ambito della  
Neuroradiologia...*

*Buona lettura!*

## **AJNR**

Cysticlike lesions as  
a late sequela of  
radiotherapy in  
pediatric patients  
*Veiga MGD et al.*

## **NEURORADIOLOGY**

Perfusion imaging with  
arterial spin labeling  
(ASL)-MRI predicts  
malignant progression in  
low-grade (WHO grade II)  
gliomas  
*Flies C et al.*

## **EUROPEAN RADIOLOGY**

Short diameter  
may be a useful  
simple indicator  
of the tumor  
response in skull  
base  
meningiomas  
after  
conventionally  
fractionated  
stereotactic  
radiotherapy  
*Takehana K et al.*

## **RADIOLOGY**

MRI natural  
history of the  
leukodystrophy  
vanishing white  
matter  
*Stellingwerff  
MD et al.*

## **RADIOGRAPHICS**

Susceptibility-  
weighted Imaging:  
Technical Essentials  
and Clinical  
Neurologic  
Applications  
*Haller S et al.*
